Facilitator Elizabeth McDonnell, Foundations and Grants Director, University of Richmond

WORKSHOP V "What's Next?"

Sunday, April 22, 2001 10:00-11:30 am Embassy Suites Hotel

Discussion and Planning Session

Please note two changes/additions to the schedule:

Instead of an evening keynote speech, Sherry Morreale will be conducting an opening workshop reviewing the history and rationale of communication labs. At the Friday evening dinner, she will offer brief remarks, then initiate an evening of roundtable discussions organized around a variety of topics suggested in a number of panel discussions at the 2000 NCA Convention in Seattle.

We will also have a special table of materials of interest to directors of new communication labs/centers. If you have questions or need information, be sure to stop by when you register and in between sessions.
